Dear Jason ,

You're here because you're a believer in what Art With Elders does. But did you know that AWE students' art is seen by as many as a **quarter of a million viewers** in Bay Area galleries and museums each year? This isn't possible without your support — **donate today.**

Our work to help elders envision and create is a witness to our belief that every person has a right to cultivate and experience a meaningful sense of purpose, accomplishment, and joy throughout the entirety of their life. Together, we can accomplish this by building community and raising awareness through art: **our exhibitions center and uplift our elder artists and their stories.**

Help us bring the Bay Area and beyond into contact with our students' powerful art and what it has to say in 2023 — **donate today.**

Best regards,

Mark Campbell
Executive Director

PS. We're delighted that our planned 2023 exhibitions at the San Francisco War Memorial, San Francisco City Hall, and the San Francisco Women Artists Gallery are the first in-person exhibitions in three years! See below for more info. We'd love to see you there.
