

“Community is a Process” - AWE at the Tenderloin Museum

Featuring artists from the Mission Neighborhood Centers, Inc., Coventry Place, and Laguna Honda Hospital
November 4 – December 29, 2021

“Community is a Process” is an exhibit featuring artists of the Art With Elders program and hosted by the Tenderloin Museum. The exhibiting artists are residents of the urban heart of San Francisco, although most originate from other parts of the world. The featured works speak to the continuously evolving process of building community in the midst of change, and many reflect expressions of the immigrant experience. Come out and learn about this diverse group of senior artists, and join the conversation. Share your impressions of the works and your notions of community building on our Community Conversation Board.
